OUR MISSION

Who are we and what we do?

We are an Australian-based company with a mission to empower kids through **yoga and mindfulness** for kids aged 0-12yo. We have designed and developed superior quality yoga mats that are handy, durable, kid-sized and eco-friendly, featuring unique Australian characters to support kids through their journey to mindfulness.

Actions speak louder than words and we want to help make a difference in the lives of our younger generation. We believe that anyone can make a huge difference, and we want to work with people who believe in our vision and mission.

Why this program?

We can't emphasise enough the fact that learning how to look after your physical and mental health from a young age sets you up for a healthier, more successful life in later years.

Anxiety and stress in children and teens has been steadily increasing, with young adults consistently reporting lowest levels of wellbeing*. **This is alarming and it is now urgent to do better for our future generations.**
