Altadrine Appetite Control

30 Liquid Capsules

Altadrine Appetite Control is the answer to increase the sensation of fullness and to help to elongate the time between one meal and another. An Altadrine Appetite Control liquid capsule taken at lunch helps you arrive to dinner less hungry. Clinical trials have confirmed the effectiveness of Altadrine Appetite Control in a randomized double blind cross-over trial, and the results were: Altadrine Appetite Control can help to suppress appetite and promote a feeling of fullness, thus providing satiety. CCK (satiety hormone cholecystokinin) and GLP1 (satiety hormone glucagon-like peptide 1) send a signal of satiety to the brain, and are essential in regulating food intake.

Altadrine Fat & Carb Blocker

20 Sachets x 4q

Altadrine Fat & Carb blocker is a fibre drink with an orange flavour that blocks fats and carbohydrates. The benefits of Altadrine Fat & Carb blocker are that it helps weight control by inhibiting carbohydrate break down and by absorbing fat. The carbohydrate blocker ingredient is a standardized extract from the seeds of Phaseolus vulgaris (common bean, white kidney bean) and the fat blocker ingredient is a fibre based formula.

The orange liquid becomes a fibre gel after mixing and the more time passes the thicker the gel becomes so it is best to drink as a liquid. The Altadrine drink becomes a fibre gel in the gastrointestinal tract.

Altadrine Fat Liquidizer

40 Liquid Capsules

Altadrine Fat Liquidizer CLA is already an important part of many people's daily health and well-being regime for its proven ability to reduce body fat, improve body composition and increase lean muscle mass. CLA (conjugated linoleic acid) and Coenzyme Q10 (Co.Q10) in Altadrine Fat Liquidizer capsules combine the slimming benefits of CLA with the supply of oxygen of Co.Q10.

Altadrine Fat Burner

60 Tablets

100% pure body fat burning tablets.

The burnt body fat is converted into energy and becomes available to the whole body. If you suffer from heart problems do not take Altadrine Fat Burner tablets but opt for Altadrine Fat Liquidizers.

Altadrine Thalasso Drink

7 Sachets of 9a

Altadrine Thalasso Drink is a food supplement with algae, fruit fibres, vitamins and minerals that favour the physiological functioning of the depurative and draining processes. It increases the metabolism and is a supplement that helps weight control and detox.

Altadrine Aquadrain

60 Capsules

Altadrine Aquadrain is a food supplement that promotes the liquids' elimination and the thermogenesis. The nourishing elements in this mix help maintain the equilibrium of liquids and a correct fluidity of the cellular membranes that, with years passing, tend to become rigid reducing the cellular activity. The bioflavonoids can result useful for the microcirculatory trophism.

Altadrine Transdermal Cellulite Patch

20 Transdermal Patches

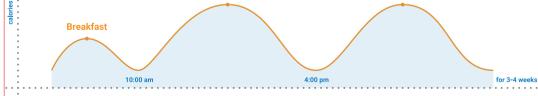

- Practical (because it is not messy).
- Discreet (transparent colour & waterproof).
- Efficient (fast action and visible results).
- Acts directly on the parts of the body needing therapy thus decreasing progressively the "orange peel" skin.
- More economic than gels and creams.
- Can be used in different areas of the body e.g. thighs, buttocks, under arms, abdomen, neck.
- Hypo-allergenic and waterproof.
- Can be used when tablets are contra-indicated.

Altadrine Fat Burner - Cryogel

200ml Bottle

Some areas of the body have a tendency to accumulate fat (abdomen, hips, thighs, buttocks) and this is where Altadrine Cryogel acts. The cold effect of the cryogel is very effective when applied and the cold sensation is felt immediately and for a long time when compared to competitors. It contains extracts enhancing microcirculation and diminishing the circumference of the thighs. The anti-cellulite activator + pure caffeine + citrus aurantium of Altadrine Cryogel enhance burning and destock fat deposits.
