PAIRING BLUETOOTH

1. Hold Fn+1/2/3 for 3-5 seconds till the indicators flashes fast, the numpad is ready to pair.
2. Turn on your Bluetooth device and find "KC21-5.0" or "KC21-3.0", then connect. When the keyboard is connected to the Bluetooth device, the light on the 1/2/3 key stops flashing and the connection is done.
3. Press Fn+1/2/3 to toggle between the Bluetooth devices 1/2/3.

PAIRING WIRELESS 2.4GHz

1. Hold Fn+4 for for 3-5 seconds till the light flashes fast, the keyboard is ready to pair.
2. Insert the 2.4G dongle to your device, the 4 key stops flashing green and the connection is done.

WIRED MODE

Toggle the switch to the wired mode, press Fn+5 till the T key lights up, and the keyboard enters to the wired mode successfully.

TIPS ON CHARGING

The Tab light is the battery indicator. When the numpad is at low battery, it flashes red; when the numpad is charging, the Tab key remains red light; when the numpad is fully charged, the indicator light is off.

TECHNICAL ASSISTANCE

For technical assistance, please email to support@yunzii.com with your purchase order number and a detailed description of your issue.

We normally respond to enquiries within 24 hours. If you purchased your keyboard from a distributor or not from any official store of YUNZII, please contact them directly for any additional help.
