

LIFE AQUA LIGHT SCREEN

RGBW BACKLIGHT PANEL

PRODUCT INTRODUCTION

Life Aqua - Light Screen is a back panel specially designed for aquariums. The RF wireless controller allows users to easily adjust brightness and color (RGBW version), and the high-frequency current output avoids the flickering phenomenon of traditional back-light panels. It's easier for users to take perfect aquarium photos and videos with Life Aqua Light. For the RGBW version, users can also independently adjust the RGB colors to match the special scenes of Life Aqua Lighting to create their unique aquarium.

THERE'S NOTHING BETTER.

SPECIFICATION

	Model & Size	Power (W)	Lumen (lm)
	LS3030 300 x 300 mm	W: 6W RGB: 7W	W: 480lm RGB: 880lm
	LS3626 360 x 260 mm	W: 7W RGB: 8W	W: 576lm RGB: 1050lm
	LS4530 450 x 300 mm	W: 9W RGB: 10W	W: 720lm RGB: 1350lm
	LS6036 600 x 360 mm	W: 12W RGB: 13W	W: 960lm RGB: 1760lm
	LS6045 600 x 450 mm	W: 12W RGB: 13W	W: 960lm RGB: 1760lm
	LS9045 600 x 450 mm	W: 18W RGB: 20W	W: 1440lm RGB: 2640lm
	LS9050 900 x 500 mm	W: 18W RGB: 20W	W: 1440lm RGB: 2640lm

THERE'S NOTHING BETTER.
