# LIFE AQUA PRIME PRO SERIES
LED LIGHTING
PRODUCT INTRODUCTION

Life Aqua "Prime Pro" series is a high color rendering and wireless controllable RGB + UV LED Aquarium Lighting, specific designed for natural plants aquarium. Integrating our professional and unique technologies the RGB LED output are optimized, aquatic plants grow naturally and healthily. Plants original colors are faithfully and perfectly presented. Plus the wireless control technology, aquatic plants can be retained in the natural environment by simulating the cycle of sunlight (such as sunrise and sunset). Moreover, "Prime Pro" takes one step further than others with custom independent dimming functions in RGB and UV LEDs. Users can not only create the unique schedule and timer setting to keep the aquarium in the top condition, but also adjust the color and power of UV to present the unique and prefect aquarium. Life Aqua "Prime Pro" series leads nature planted aquarium into future.

LIFE AQUA

THERE'S NOTHING BETTER.

SPECIFICATION

Model	Prime Pro 450	Prime Pro 600	Prime Pro 900	Prime Pro 1200
Model Number	D450-P	D600-P	D900-P	D1200-P
W x D x H (cm)	44 x 15 x 2.2	59 x 15 x 2.2	89 x 15 x 2.2	119 x 15 x 2.2
Weight	1. 5 kg	2.5 kg	3.5 kg	4.8 kg
Power	25W	34W	50W	64W
Illuminance (4 level)	250 - 700 Lx	300 - 1000 Lx	400 - 1600 Lx	600 - 2000 Lx
Number of LEDs	30 (RGB LED) + 1 (UV LED)	40 (RGB LED) + 2 (UV LED)	60 (RGB LED) + 3 (UV LED)	80 (RGB LED) + 4 (UV LED)

Size (Power Unit)	W15 x D6 x H4
Weight (Power Unit)	0.5 kg
Adaptor Input Voltage	AC 110 - 240V 50/60Hz
Color Temperature	9000K+/-500K
LED Lifetime	50, 000 hours
Ingress Protection	IPX4
UV LED Wavelength	400 - 410 (nm)
UV Radiant Power	~800 mW

* Optical measuring distance in 900mm

CERTIFICATES

CE FC ♻ UL LISTED RoHS IPX4

STANDARD ACCESSORY

AC/DC Power Supply

OPTIONAL ACCESSORY

i. Hanging Kit
ii. Adjustable Stand
iii. Acrylic Stand
