

CHAIN SIZE GUIDE

1

Print this PDF to actual size or 100% scale to determine your chain thickness. Do not Fit, Shrink or Scale below 100% for accurate measurements.

2

Measure the thickness of your necklace chain using the mm ruler or scale chart provided below.

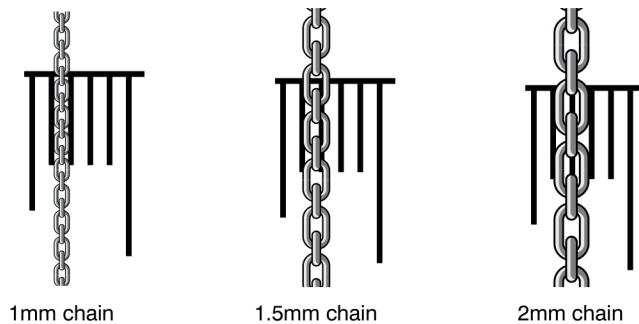

3

Once you have your chain size measurement, go to www.infinityclips.com to find the size Infinity Clip you need to shorten your necklace.

- SMALL INFINITY CLIPS shorten necklace chains between 0.8mm & 1.3mm wide and/or thick
- LARGE INFINITY CLIPS shorten necklace chains between 1.3mm & 2.5mm wide and/or thick.

HOW TO MEASURE

Compare your chain thickness to the mm ruler below

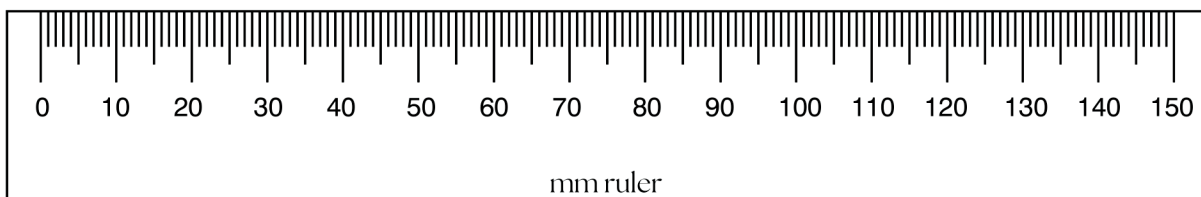

1mm chain

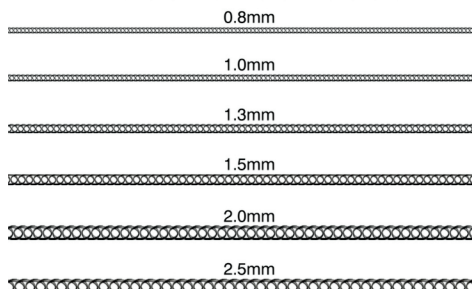

1.5mm chain

2mm chain
