RING SIZING GUIDE

All of our rings are standard U.S. sizes. If you don't know your size, use a ring you currently have and align with the best option below. Additionally, we highly suggest getting sized by your local jeweler.

Please note that we cannot be responsible for determining your ring size. Choosing the correct size is the responsibility of the customer, as everyone has a preference in the way they like their rings to fit.

1. Before printing this ring sizing guide, make sure that page scaling is set to "NONE" in your printer settings area.
2. Measure the line on the left to ensure it is exactly 2 inches.
3. If the measurement isn't accurate, please review your print settings again. Be sure you are printing full size.

1. Choose a ring that fits your desired finger.
2. Place a ring over the circles below. Match the inside edge of the ring with the closest circle.
3. If the ring falls between two sizes, select the larger of the two.
