# **UNDER CURRENT®**

## SYSTEM SPECIFICATIONS

The Under Current® features the patented Sub-Current Culture® circulation method. This high-performance water culture system is unmatched in efficiency, layout versatility and ease of use. The Under Current® utilizes negative water pressure to recirculate oxygenated nutrient solution through the plant's root zone ensuring pH and EC levels are uniform throughout the entire system.

## SYSTEM SPECIFICATIONS

## **Growth Module Dimensions & Volumes**

| Part Name           | External Dimensions (LxWxH) | Internal Dimensions (LxWxH)  | Volume (GAL/LT) |
|---------------------|-----------------------------|------------------------------|-----------------|
| MULTI-MOD 8-GALLON  | 16.5" x 14.25" x 15.25"     | 14" x 11" x 12.5" (*at base) | 8gal/30L        |
| MULTI-MOD 13-GALLON | 16.5" x 14.25" x 23"        | 13" x 10" x 20" (*at base)   | 13/50           |

# **Power Requirements**

\*EACH UNDER CURRENT SYSTEM'S WATER/AIR PUMPS ARE SIZED FOR THE TOTAL SYSTEM VOLUME, ASK YOUR SALES CONSULTANT FOR SPECIFIC WATER/AIR PUMPS INCLUDED WITH YOUR MODEL.

#### WATER PUMPS

| Manufacturer | Model          | Output  | Max. Watts/Amps (@120V) | Inlet    | Outlet   |
|--------------|----------------|---------|-------------------------|----------|----------|
| Danner       | Mag Drive 500  | 500gph  | 45/0.9                  | 1/2" FPT | 1/2" MPT |
| Danner       | Mag Drive 700  | 700gph  | 70/1.6                  | 1/2" FPT | 1/2" MPT |
| Danner       | Mag Drive 950  | 950gph  | 93/1.33                 | 3/4" FPT | 3/4" MPT |
| Danner       | Mag Drive 1200 | 1200gph | 110/1.5                 | 3/4" FPT | 3/4" MPT |
| Danner       | Mag Drive 1800 | 1800gph | 145/1.55                | 3/4" FPT | 3/4" MPT |
| Danner       | Mag Drive 2400 | 2400gph | 237/2.2                 | 1" FPT   | 1" MPT   |

#### AIR PUMPS

| Manufacturer | Model | Output            | Max. Watts/Amps (@120V) | Outlet |
|--------------|-------|-------------------|-------------------------|--------|
| Alita        | AL-40 | 40 LPM, 1.4 CFM   | 46/0.9                  | 3/4"   |
| Alita        | AL-60 | 60 LPM, 2.1 CFM   | 60/1.6                  | 3/4"   |
| Alita        | AL-80 | 80 LPM, 2.8 CFM   | 85/1.33                 | 3/4"   |
| Pentair      | S11   | 364 LPM, 13 CFM   | 900/2.0                 | 1"     |
| Pentair      | S21   | 756 LPM, 27 CFM   | 1800/3.8                | 1"     |
| Pentair      | S31   | 952 LPM, 34 CFM   | 2000/5.6                | 1.5"   |
| Pentair      | S41   | 1960 LPM, 70 CFM  | 4000/9.8                | 1.5"   |
| Pentair      | S45   | 3080 LPM, 110 CFM | 9000/10.4 (@240V)       | 2"     |

### **Materials**

| Part Name                       | Description                                | Size                | Material                              | Color/Attributes    |
|---------------------------------|--|---------------------|---------------------------------------|---------------------|
| Multi-Mod                       | Plant Growth Module                        | 8-gallon, 13-gallon | Polypropylene (PP)                    | Black, UV Resistant |
| CCH20 Lid                       | Lid for Growth Module                      | One Size            | Acrylonitrile Butadiene Styrene (ABS) | White, UV Resistant |
| CCH20 Net Pot                   | Mesh Basket to Hold Plant                  | 5.5", 8"            | Polypropylene (PP)                    | Black, UV Resistant |
| UC Spin Tight Bulkhead          | Module/Pipe Interface                      | 2", 3"              | Acrylonitrile Butadiene Styrene (ABS) | Black, UV Resistant |
| Manifold Piping                 | Module to Module Plumbing                  | 2", 3"              | Acrylonitrile Butadiene Styrene (ABS) | White               |
| Manifold Fittings               | Pipe Fittings - Tees, Nipples, Ball Valves | 2", 3"              | Polyvinyl Chloride (PVC)              | White               |
| Manifold Caps/Sleeves           | Pipe Fitting Caps & Connecting Sleeves     | 2", 3"              | Vinyl                                 | Black               |
| Multi-Mod Drop Tee              | Growth Module Drain Fitting                | 1" Barb             | Acrylonitrile Butadiene Styrene (ABS) | Black, UV Resistant |
| CCH20 Bulkhead Filter           | Screen Filter for Bulkheads                | 2", 3"              | Polypropylene (PP)                    | Black               |
| Float Valve                     | Maintains Water Level                      | 1/2" MPT            | Polyvinyl Chloride (PVC)              | Grey, White         |
| Mazzei Injector                 | Venturi Injector (Add Back Kit)            | 3/4" MPT            | Nylon                                 | Black               |
| Return Water Hose               | Manifold to Pump Connection                | 1.25" OD, 1" ID     | Flexible Polyvinyl Chloride (FPVC)    | Blue                |
| Drain Hose                      | Connects Drop Tee Drain Fittings           | 1.25" OD, 1" ID     | Flexible Polyvinyl Chloride (FPVC)    | Grey                |
| Aeration Hose                   | Connects Air Pump to Air Stones            | 0.170", 3/4", 1"    | Ethylene Vinyl Acetate (EVA)          | White               |
| Top-Off Hose                    | Connects Float Valve to Reservoir          | 1/2" OD             | Polyethylene (PE)                     | Blue                |
| Add-Back Kit Hose               | Attaches to Mazzei Injector                | 3/8"                | Flexible Polyvinyl Chloride (FPVC)    | Clear               |
| Uniseal                         | Rubber Grommet                             | 1"                  | Rubber                                | Black               |
| Grommet                         | Air Line Inlet                             | 3/8"                | Rubber                                | Black               |
| Y-Splitter                      | Conjoins 2 Return Hoses                    | 1" Barb             | Nylon                                 | Natural             |
| Bulkhead Gasket                 | Creates Seal in Bulkhead                   | 2", 3"              | Rubber                                | Black               |
| Bulkhead O-Ring                 | Creates Seal in Bulkhead                   | 2", 3"              | Rubber                                | Black               |
| Air Stone                       | Creates Air Bubbles                        | N/A                 | Glass Bonded Silica                   | Grey, White         |
| Push-Connect Fittings           | Used in Add-Back Kit                       | 3/8"                | Polypropylene (PP)                    | White               |
| 1/4" Aeration Fittings          | Used in Aeration Manifold                  | 1/4" barb           | Acrylonitrile Butadiene Styrene (ABS) | Black               |
| 3/4" Aeration Manifold Fittings | Used in Aeration Manifold                  | 3/4"                | Acrylonitrile Butadiene Styrene (ABS) | Black               |
| 1" Drain Manifold Fittings      | Used in Drain Manifold                     | 1"                  | Acrylonitrile Butadiene Styrene (ABS) | Black               |
| Drain & Aeration Manifold Caps  | Used in Drain/Aeration Manifold            | 3/4", 1"            | Vinyl                                 | Black               |

# **Warranty**

#### **Current Culture H20 Limited 3-Year Warranty**

This limited warranty applies only to full systems manufactured at Current Culture H2O in Fresno, CA.

#### **Warranty Includes**

- All individual components manufactured by Current Culture H2O come standard with a THREE year limited warranty.
- All Air & Water pumps are covered by their specific manufacturer's warranty. Manufacturer instructions and warranty information booklets are provided with each pump. If any issues with these units covered within their individual warranties should occur, please contact the manufacturer for repair or replacement. **Warranty Excludes**
- This limited warranty excludes any components considered to be expendable (i.e. hoses, air diffusers, net pots, seals, etc.). These items should be replaced periodically to ensure proper system functionality.

Review our full warranty along with return information at: www.cch2o.com/warranty/
