4	Xanthan Gum SFT	3.0 %	1.50 g
5	Watermelon Seed Oil	0.2 %	0.10 g
6	Watermelon Fragrance	0.5 %	0.25 g
	TOTAL	100 %	50.00 g

DIRECTIONS:

Ingredients marked with an asterisk can be purchased from any supplier. Ensure all equipment is cleaned and sanitized. Wear proper safety equipment, including gloves and a respiratory mask that can filter our small particulate as Creamy Coconut Surfactant generates a lot of dust. Using a coffee grinder that is dedicated for making cosmetics and is not used to grind coffee.

Place items 1-4 in the coffee grinder and cover the grinder with cling wrap, making sure to overlap the edges. Attach the lid and pulse the grinder to slowly chop all the ingredients inside. When a fine powder is produced, let powder inside settle for a few moments before slowly removing the lid and cling wrap to avoid dusting in the air.

Sprinkle #5-6 over the powder and replace the cling wrap and lid. Pulse again until the oil and fragrance are distributed throughout the powder evenly. After allowing the dust to settle, slowly remove the lid and cling wrap. Scoop into desired containers.

PRODUCT LABELING:

INGREDIENTS: Tapioca Starch, Sodium Cocoyl Isethionate, Kaolin, Xanthan Gum, Citrullus Lanatus (Watermelon) Seed Oil, Fragrance, Linalool
