

Section 1: Product and Company Identification

Product Name	Sustainable African Beeswax
Synonym (INCI)	Beeswax
CAS Number	8012-89-3
Country of Origin	Refined in United States (Beeswax sourced from Africa)
Product Use	For cosmetic products
Supplier	Simply Ingredients
Address	20942 Osborne St, Unit C, Canoga Park, CA 91304
Telephone Number	747-274-8225
Emergency Telephone Number	CHEMTREC 1-800-424-9300

Section 2: Hazards Identification

Classification according to OSHA 29CFR 1910.1200	Not Classified
Hazard Statements	Not dangerous.
NFPA Classification	Health Hazard: 0, Fire Hazard: 1, Reactivity Hazard: 0

Section 3: Composition

<u>Substance</u>	<u>Identification</u>	<u>Classification</u>	<u>Contents</u>
Beeswax	CAS 8012-89-3	None	100%

Section 4: First Aid Measures

Inhalation	Avoid vapors from overheated product. Move subject to fresh air. Consult a physician. Irritation is possible.
Skin Contact	Burns can occur if this product is molten. Flush with cold water and seek medical attention. Do not remove clothing or peel solidified product of the skin. This product is not absorbed by the skin. Irritation is possible.
Eye Contact	Rinse carefully with copious amounts of water and seek medical attention; burns can occur if product is molten.
Ingestion	This is a non-toxic product. Consult a physician. Irritation is possible.

Section 5: Fire Fighting Measures

Suitable Extinguishing Media	Foam, powder, water spray, CO ₂ .
Unsuitable Extinguishing Media	Do not use a heavy water stream.
Fire and Explosion Hazards	No specific fire or explosion hazard.
Hazardous Combustion Products	May emit toxic gases such as CO and CO ₂ .

Section 6: Accidental Release Measures

Personal Protection Measures	Use personal protective equipment.
Environmental Precautionary Measures	If the material has been released into a stream or sewer, inform the proper authorities of the possible presence of solid material.
Cleaning Method	Allow product to solidify if molten. Remove solidified product. This product is not a hazardous waste.

Section 7: Handling & Storage

Handling	Take the necessary measures to avoid electrostatic charge, heat, sparks and open flame.
Safe Storage Conditions	Keep in a cool place away from direct sunlight. Store in the original full closed container. Do not store near oxidizing agents or strong acids. Keep out of reach of children.
Storage Temperature	< 40°C

Section 8: Exposure Controls & Personal Protection

Respiratory Protection	Not applicable with adequate ventilation.
Eye Protection	Wear goggles.
Skin Protection	Wear gloves.

Section 9: Physical & Chemical Properties

Appearance	Waxy, solid pellet
Color	Off-white to yellow
Odor	Characteristic
pH	N/A
Melting Point	61 – 65°C
Flash Point	Approximately 265°C
Relative Density	0.96 g/ml (20°C)
Solubility	Not water soluble
Flammability	Not classified
Decomposition Temperature	Approximately 200°C

Section 10: Stability & Reactivity

Reactivity	Stable under recommended storage conditions.
Chemical Stability	Stable under recommended storage conditions.
Possibility of Hazardous Reactions	None known under ordinary conditions of use.
Conditions to Avoid	Oxidizing agents, strong acids, direct sunlight, heat, sparks, static electricity, open flame.
Materials to Avoid	No available data.
Hazardous Decomposition Products	May emit toxic gases such as CO and CO ₂ .

Section 11: Toxicological Information

Acute Toxicity	Not classified.
Chronic Toxicity	Not classified.
Inhalation	Not classified.
Dermal Contact	Not classified.
Eye Contact	Not classified.
Ingestion	Not classified.
CMR Effects	Not classified.

Section 12: Ecological Information

Ecotoxicity	No available data.
Biodegradability	Inherently Biodegradable.
Bioaccumulative Potential	No available data.
Mobility	No available data.

Section 13: Disposal Considerations

The generation of waste should be avoided or minimized wherever possible. Isolate small spills by sweeping up product and disposing of. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation. Do not send down the drain or flush down the toilet. This product is not a dangerous waste material.

Section 14: Transport Information

Not a dangerous product. Not classified in ADR (road), RID (rail), IMDG (sea), ICAO/IATA (air).

Section 15: Regulatory Information

Proposition 65: N/A – no ingredients regulated by Proposition 65 present.

Section 16: Other Information

Review Date: January 21, 2021

All information appearing herein is based on information supplied by the manufacturer of the ingredient. Simply Ingredients makes no representations to its accuracy or sufficiency. Please refer to all relevant technical information specific to the ingredient prior to use. The user of this ingredient is responsible for understanding the safety instructions for each ingredient, including how to store and handle the ingredient in use and in formulation. The user is also responsible for understanding any regulatory restrictions by governmental or third-party agencies, including proper usage, formulation, labeling, marketing and sale. Simply Ingredients is not liable for any issues that arise from improper handling and storage of any ingredients.
