Minimum S/H fees are \$10.95

Quantities of four skills workbooks or 5 spelling workbooks will usually fall into the minimum rate schedule. If it saves you money in the long run, consider ordering those quantities rather than only one workbook. We also recommend that you pad your order by at least two or three workbooks if possible.

Purchases up to \$1500.00 S/H fees are calculated at 14%

Purchases over \$1500.00 S/H fees are calculated at 12%

Purchases up to \$3500.00 S/H fees are calculated at 9%

Due to extremely high rates, VoWac will try to keep S/H fees to Alaska, Hawaii and Canada at cost. Your invoice will be billed accordingly. Those rates are determined after your order is packaged.

VoWac reserves the right to apply variable rates if the actual shipping cost exceeds our minimums.

Rate hikes seem to constantly fluctuate with Speedee, UPS, or FedEx. VoWac locks into its pricing AND its shipping rates - even though our carriers increase their rates throughout the year. VoWac absorbs those increases without passing it on to its customers.....another way we show our commitment and concern toward your school's budget dilemmas.

If we can pass a savings along to you - we will!
