Word Griddles © 2005 (two or more players) **Object of game:** Spell words (four or more letters) **Materials needed:** Two or three 30-sided Letter Dice, pencil, game sheet, three to five minute timer. **The play:** Each player or team receives a game sheet. Players take turns rolling letter dice. The letters rolled are placed in the blank spaces of the letter grid from left to right. Continue rolling the dice until the grid is filled. The filled grid is then exchanged with another player or team. Using the letters on the grid, each player/team has three to five minutes to make as many words as possible. The letters must be connected vertically, horizontally or diagonally. Letters may be used repeatedly, but only once per word. **Scoring:** After time expires, players/teams exchange grids for scoring. Use a dictionary for challenged words. Misspelled words are omitted. Players/teams earn one point for 4-letter words; two points for 5-letter words, three points for 6- or more letter words. **Variation:** Select a dice roller. All players/teams use the same letters in the same order. Score double points for spelling words no other player/team uses.
