

Peptide + Vitamin A Face Crème

Indications:

A potent and rich anti-aging cocktail for all skin types, especially developed for sensitive skin and individuals with facial skin disorders including eczema, psoriasis, and rosacea. Our botanical formulation is loaded with peptides, antioxidants and pure retinol (Vitamin A) to diminish fine lines, wrinkles, premature aging of the skin and to re-create healthy tissue. This formulation will fight free radical damage as well as restore and renew firmness, elasticity, and thickness to the skin.

Key Features:

- Use as your exfoliator for quality anti-aging care
- Specially formulated for sensitive skin conditions, particularly on the face. Can use our Peptide + Vitamin A Body lotion for other areas
- Fully active Retinol (Vitamin A)
- Antioxidant Vitamin E provides efficacy to fight oxidative damage and adds moisture to the skin
- Peptide complex from Vitamin A
- Lecithin (Soy) microscopic delivery system
- 6 Organic ingredients
- Highly effective Botanical formulation
- Light and elegant
- Non-greasy
- Works extremely well with makeup

Directions:

- Wash and pat skin dry.
- dry. Apply a small amount lightly and evenly on face, neck and decollate areas. This should not be larger than a green pea size for each side of the face. Same amount for the neck area and two drops for the decollete area.
- Use this morning and night. Allow to dry for one minute. If not dry in a minute dab off excess with a tissue. • This can be used 2-3 time daily, as needed to keep the skin supple.
- It can also be used on the face and under make-up.
- Be sure to wear our Pro-Tect® Sunscreen every day when outdoors no matter what the weather may be.

Warnings:

- For external use only.
- Keep away from small children.
- Do not get this product into the eyes. If you do, flush thoroughly with warm water.
- If irritation develops, discontinue use for 3-4 days. Then start again using less product every other day using less product.
- Do not store near direct heat.
- Not to be ingested. If ingested take Ipecac Syrup or Contact Poison Control.
