

## **Power Beads Professional Polish**

### **Indications:**

- Creates epidermal resurfacing to remove dead and listless cells.
- Reduces the signs of accelerated aging of the skin caused by sun, tanning and environmental effects.

### **Key Features:**

- Great substitute if you do not have a Microdermabrasion machine. Easy to use in treatment rooms.
- Remarkably and highly effective for deep exfoliation.
- Extremely gentle base, pH neutral. May be used every week and only takes 2 minutes.
- Non-aggressive remedy reduces the appearance of fine lines, wrinkles and loosens ingrown hairs.
- Helps exfoliate around stretch marks while leaving the skin feeling smoother, softer and moreradiant.
- Silica (microscopic spheres) and Jojoba Esters (microbeads) combine to exfoliate and polish without being abrasive.
- More effective than an enzyme peel and is inert so it will not harm the skin. No aluminum exposure.
- Minimal reddening and irritation compared to Microdermabrasion. May be used following steam.
- Color is electric blue and is a non-toxic vegetable dye.

### **Directions:**

- Wear gloves when using on a daily or regular basis.
- Cleanse the skin prior to treatment with soap-less, gentle cleanser. Apply a small amount to damp skin.
- Massage lightly in an upward circular motion to each side of the face and neck for up to two minutes. You can adjust pressure according to the skin type and the degree of sensitivity.
- Rinse completely with warm water making certain to remove all traces and pat dry.
- A slight pink skin tone and tingling sensation is possible. This is normal and will dissipate.
- If desired, use a cool moist compress, a cool soothing gel or a skin protectant to calm the skin.
- Always apply sunscreen during daylight hours.

### **Warnings:**

- For external use only. Keep out of reach of small children.
- Avoid contact with eyes and mucous membranes. If it gets in the eye, rinse with warm water.
- Remove contact lenses when using this product. Rinse hands completely before putting contacts back in.
- A mild transient tingling may occur for a few minutes in people with sensitive skin. This is normal.
- Do not use more than once every week. Do not apply this product to open or abraded skin.
- Do not scrub this product into the skin. If irritation develops and continues, discontinue use.
- Do not use an alcohol-based astringent when using this product, it may be too drying.
- Do not use Glycolic Acid products, chemical peels, water-soluble Vitamin C (ascorbic acid) or prescription strength Vitamin A (retinoic acid) the same day that you use this product.
- Do not apply to moderate or advanced acne that is not under control with medication or topical medications the night you use this product since they can cause extreme dryness and irritation. Do not use for six (6) months following treatment with Accutane®.
