Light-tech backup for

FORBES AAC

CoreWord 40

Directions

- When printing, ensure that the document is scaled at 100% it's original size
- Print on 8 ½ x 11 paper (standard size in the US)
- Cut out your communication pages and insert them into your PicSeePal!

Other Tips:

- To keep the communication pages from sliding, try one of these tricks:
    - Print on cardstock
    - Laminate your communication pages before inserting
    - If using regular printer paper, stack multiple pages inside of the snap to make it more snug <u>and</u> to make it easier for swapping different pages in/out of view within the snap
   - Adhere the communication page to the inside of the PicSeeSnap using a small piece of clear tape

Have fun and happy communicating!

- The PicSeePal Team

Trimming the Communication Page

after downloading and printing

After printing, before inserting into the PicSeeSnap, cut out your communication page along this border all the way around
