Centre for the P
of National Infra

Order number	1925811	Container volume	130,0 l
EAN Code	4026631047456	Cutting speed	65,00 mm/s
Shredder material		Noise level (idle operation)	56 dB
Cutting type	particle cut	Power consumption of the motor	590,0 W
Security level (DIN 66399)	P-6 F-3	Voltage	230 V
Security level (DIN 32757-1)	5	Frequency	50 Hz
Cutting width	0,78 mm	Depth	525,0 mm
Particle length	11,00 mm	Width	618,0 mm
Cutting capacity (80g/m ²)	9 sheets	Height	870,0 mm
Cutting capacity (70g/m ²)	10 sheets	Colour	white
Intake width	400,0 mm		

Technical and design modifications reserved.

This paper shredder on castors ensures data security in the workplace. Its induction-hardened solid steel cutting rollers are impervious to staples and paper clips and guarantee long service life. The powerful motor guarantees a high cutting capacity as well as reliable operation even under continuous load. Optimum design of cutting and drive components as well as the closed gear mechanism ensure low noise. The multifunctional operation button enables intuitive use of the paper shredder. An integrated light barrier starts the device automatically and switches it off again after the paper feed ends. The automatic reverse rectifies paper jams and ensures smooth operation. High user safety is guaranteed by the folding safety element, which prevents unintentional intake. The level of the waste container is always visible through the inspection window, making timely emptying possible. The removable reusable collecting bag helps make it easy to dispose of shredded materials. In standby mode, the energy management and control system EMCS ensures low power consumption. The high-quality materials and proven quality "Made in Germany" guarantee you security and long service life.
