

# HSM SP 4040 V

3,9 x 40m

Order number	2515111124	Voltage	400 V
EAN Code	4026631043830	Frequency	50 Hz
Security level (DIN 66399)	<b>P-4 O-3 T-4 E-3 F-1</b>	Depth	2030,0 mm
Cutting type	particle cut	Width	1090,0 mm
Security level (DIN 32757-1)	3	Height	1970,0 mm
Cutting width	3,90 mm	Weight	737,0 kg
Cutting capacity (80g/m <sup>2</sup> )	80 sheets	Colour	light grey
Intake width	428,0 mm	Cutting length	40 mm
Cutting speed	220,0 mm/s	Pressing power	44,00 kN
Throughput capacity per hour	291 kg	Bale length	400,0 mm
eclass 5.1	24320704	Bale width	600,0 mm
Power consumption of the motor	6200,0 W	Bale height	500,0 mm

Technical and design modifications reserved.

Diese kompakte Shredder-Pressen-Kombination mit Drehstrom-Anschluss besteht aus dem Groß-Aktenvernichter FA 400.2 und einer vertikalen Ballenpresse. Sie sorgt für Datensicherheit in ArchThis compact shredder-baler combination with three-phase power supply consists of the FA 400.2 large document shredder and a vertical baling press. This ensures data security in archives or as a central point for document shredding. Thanks to the integrated rollers and compact size, the machine can be easily set up at the installation site and saves space. Its induction-hardened solid steel cutting rollers are low on wear, resistant and guarantee long service life. Just like the powerful and energy-efficient motor with chain drive. It guarantees reliable operation with maximum throughput – even during continuous operation. A manual oiler is integrated for consistently high cutting capacity and quality in particle cut models. The keypad with LED display enables you to easily operate the machine and view the operating state. An integrated light barrier ensures simultaneous shredding and baling. The automatic reverse rectifies paper jams and ensures smooth operation. The large document shredder can be filled easily at the loading table or the electric conveyor belt. You can compress material in boxes or waste bags into bales with a maximum bale weight of 35 kg. The removal trolley allows simple disposal of the bales. The high-quality materials and proven quality “Made in Germany” guarantee you security and long service life. iven oder als Zentralstelle für die Aktenvernichtung. Durch die integrierten Rollen sowie die kompakten Maße kann das Gerät
