

# CONSTANT GALLONAGE NOZZLE

## Style 371

- Effectively produces a constant gallonage from straight stream to full fog
- Combines quality stream performance at various pressures with the simplicity of a fixed orifice
- Custom flow and pressure combinations are available on request, delivered with a calibrated flow disc installed
- Affordable priced, easy to use and reliable in tough situations
- Standard operating pressure at 100 psi (7 bar), optional 85 psi (6 bar) or 75 psi (5 bar)
- Excellent performance at pressure as low as 50 psi (3.5 bar)
- Minimal maintenance reflected in robust design, precision machining and quality materials
- Compatible with Protek's foam aeration tubes
