

# SIAMESE

Protek offers a wide selection of valves, including wyes, water thief and siamese. Wyes are used to divide a single flow, allowing fire fighters to extend attack lines when pre-connects do not reach. Both 2-way and 3-way wye options are available. water Thief allows fire 3-way fighters to extend attack lines from a main supple line. Siamese is used to combine several hose lines into one. Both dual-inlet and trio-inlet siamese options available.

## Style 585 Clappered Valve Siamese

Style	585
Material	Alloy
Inlet Size	2-1/2" Female x 2 (65 mm)
Outlet Size	2-1/2" Male (65 mm)
