

Art Easels

Trojan Classic Easels can have an acrylic, hardboard or markerboard backing. Large painter trays hold a lot of artistic accessories like paints, markers, etc.

Trojan Easels with Storage also have large painter trays and include 6 bins underneath on edged shelving to prevent spillage. The bins are especially good for storing Block pieces when using the Block board version.

The 4 Station Easel Centre (not shown) accommodates 2 students per side and comes with 12 bins on two shelves.

Light assembly required. FSC certified. Made in Canada.
