

## Interactive Kitchen Furniture

Trojan's best selling interactive sets, our Kitchen Furniture comes in single and combo units that inspire children to find their inner chef and create. Doors open easily with molded handles and stay in place with magnetic closures. Twistable knobs and screen printed features will last forever. Most units require some light assembly to complete.

Each unit is made from sustainably sourced Baltic birch - an extremely durable engineered wood - which is easy to clean and keep hygienic.

Comes fully assembled. Made in Canada. FSC certified.
