

Water & Sand Tables

Trojan's Water & Sand Tables are made of rugged polyethylene tubs, and tubular aluminum legs. Each table has two lockable, non-marking casters for easy mobility, and a clear acrylic lid to protect the contents when needed. Great for indoor/outdoor use.

Water & Sand Tables can be filled with any medium for kids to enjoy, but our deeper Water Tables have a drainage valve on the bottom - the Sand Table does not. Each unit ships flat-packed, and requires some light assembly.

Tub Sizes:

Large Water Tub 36 x 24 x 11"

Small Water Tub 23 x 20 x 11"

Large Sand Tub 36 x 24 x 6"

Clear acrylic lid

Tool free assembly

Lockable casters
