

Large Plastic Bins: P601

Our Large Plastic Bins are rugged, flexible bins that can hold up to 10lbs and withstand a lot of abuse. These bins are used in our S382 Series units (and others) designed specifically to hold them. They are also available individually.

Bin sides are smooth and easily labeled. This also makes them easy to clean and keep hygienic.

These bins have a lifetime warranty, and are made in Canada by Copernicus.

P601B

P601CL

Large Plastic Bins	Part No.	Length	Width	Height	Lbs
Large Plastic Bins - Blue	P601B	15.75"	12.5"	6"	2
Large Plastic Bins - Clear	P601CL	15.75"	12.5"	6"	2

Associated Items

Trojan now sells Large Plastic Bins separately for all S382 units. (See S382 Series Data Sheets).
