

Fixed Shelf Units

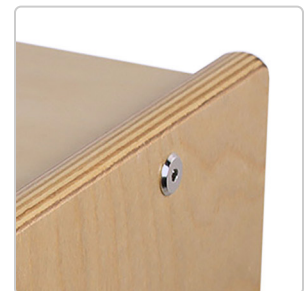

Trojan’s Fixed Shelf Units are an excellent mid-sized shelving choice. They are a medium height of 30”, but deep, allowing them to store books or supplies in considerable depth.

This is one of the few units Trojan manufactures that does not have casters - just set it against the wall, or use it as a room divider - and forget about it. Keep learning materials at hands reach.

Each unit is made from natural birch, and finished with our UV resistant coating. This coating makes each unit easy to clean and keep hygienic. Constructed with deep-thread wood bolts and 3/4” Baltic birch, this unit is indestructible.

As an option, the S357 is also sold with a “no-back” version - an excellent choice for increased accessibility.

Both versions ship fully assembled. Made in Canada from FSC certified wood.

Adjustable Shelving Units	Part No.	Length	Width	Height	Lbs
Deep Fixed Shelf Storage (no casters)	S357	48”	15”	30”	59
Deep Fixed Shelf Storage (no back)	S357-NB	48”	15”	30”	55

Associated Items
Trojan’s S350 Adjustable Shelf Units are similar in size to the S357, but have adjustable shelving. (S350 Series Data Sheet)
