

Block Shelf Hinged Units

S361/9 shown

Trojan Block Shelf Hinged Units are made from sustainably sourced Baltic birch - a timeless, extremely durable, engineered wood. These partitioned units are rugged and support a lot of weight.

All units are delivered fully assembled, just install the hinges or clasps as necessary. All supplied hardware uses pre-drilled holes for perfect alignment. Some light assembly and a screw driver are required. Finished with UV resistant coating, surfaces are easy to clean and keep hygienic.

Comes in 2 boxes. Made in Canada. FSC certified.

Indestructible hinges have pre-drilled guides.

Lockable clasps join the unit halves.

Block Shelf Hinged Units	Part No.	Length	Width	Height	Lbs
Tall Narrow Hinged Block Shelves	S360/9	96"	12"	38"	140
