Scan the QR code to download the smartwatch app

Or

Download 'WEARFIT PRO' App from the Playstore or iOS app store

## Install straps

To attach the straps, slide in the bottom of the strap into the gap on the watch case.

Similar to a bank card swipe in the machine.

## Remove straps

To remove the straps, slide the band outwards from the main watch casing.

Opposite of the installation process.

- Charge the smart watch by connecting the charging clip of the USB cable to the charging plate on the back of the smartwatch before using it.

- Full charge in less than 2 hours.

- Please use a 5V charging adapter or connect USB with the laptop.

  NOTE: Do not use any fast/dash charging adapters.
## Bluetooth 5.0 & S3 - PRO

Note:

- All notifications, alerts, reminders and data received from phone to watch or vice versa will be connected over Bluetooth 5.0.

- For calls, S3 – PRO needs to be connected.

- Turn on the Bluetooth on your mobile phone.
- Create an account and login to the app
- Open APP > device > Add device > choose Ignite S3 Pro

NOTE: Once connected, you will receive all the notifications on the watch.
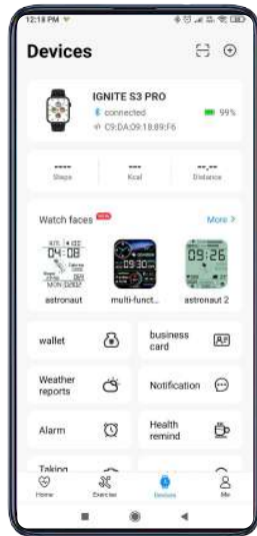

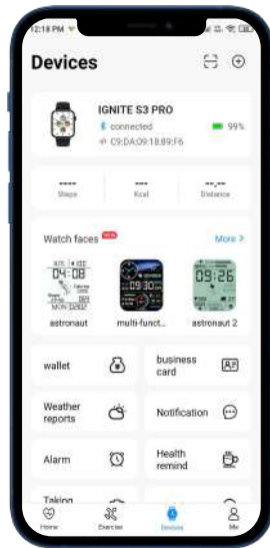

## S3 – PRO connection procedure

Once the smartwatch is paired with your phone, you will receive a pop-up asking to automatically connect to S3 – PRO.

### OR

- In the watch, swipe from top to bottom once on the main interface
- Enable the 'Calling BT' icon.
- Open the phone's BT settings > Search for 'S3 – PRO' in your Bluetooth list and connect.
- Upon successful connection, you will be able to make/receive calls from the watch.

- Turn on the Bluetooth on your mobile phone.
- Create an account and login to the app
- Open APP > device > Add device > choose Ignite S3 Pro
- In the app, click on 'pair' to connect and 'Cancel' to cancel.
- Click on allow the next pop up in order to receive notifications
- Click on 'pair' to connect and 'Cancel' to cancel.

NOTE: Once connected, you will receive all the notifications on the watch.
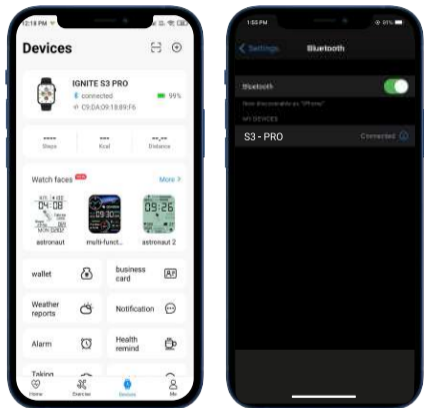

## S3 – PRO connection procedure

- Swipe from top to bottom once on the watch screen.
- Click on the BT calling icon and enable it.
- Search for 'S3 – PRO' in the phone's BT list and connect.
- Upon successful connection, you will be able to make/receive calls from the watch.
