

Enhanced flexibility

Sanyo's specialist products are suitable for use with whichever dictation system you use.

“ We place the conference mixer in the middle of the table at meetings and training sessions. It's unobtrusive and a great way to ensure everyone's ideas are recorded. ”

Conference mixer, ideal for larger meetings

Discreet microphones, powerful enough to pick up discussion around the conference table. The system includes four microphones with individual adjustment controls.

CM100

handy hints

- the conference mixer is an ideal accessory to the advanced, multi-functional dictation transcribers.
- put your pen down and get the most out of the meeting. The conference mixer picks up the discussion for you.
