

# CollaClot™ - Haemostatic Collagen Sponge

## Case Study - Dog "Happy Tail" Injury

23.2.22 - Sore and infected Happy Tail

4.3.22 - Happy Tail skin smoothing and healing nicely

8.3.22 - Healing well and fur re-growing

12.3.22 - Crufts 2022 winning Dog CC, BOB and 3rd in the televised Gundog Group

The distinguished and elegant Sh Ch Layways Van Winkle JW (Hungarian Vizsla) Jasper had a Happy Tail injury which was not healing and was becoming infected, and his owner, Emily, had tried numerous methods unsuccessfully to heal Jasper's wounds. With Jasper entered into Crufts 2022 this was a very concerning injury. Emily used CollaClot™ and fantastically a couple of weeks after the initial treatment, Jasper went on to show at Crufts 2022 winning Dog CC (best dog), BOB (best of breed Vizsla) and 3rd in the televised Gundog Group, only to be beaten by the Baxter the Flat-Coated Retriever best in show champion.

31.3.22 - Tail fully healed and lots of fur regrowth

*"For two years we have battled with Jasper's tail, he is a very happy dog and repeatedly bangs it against anything in the way. When the manufacturer offered this product to try just a few weeks before Crufts we jumped at the chance .... we were at our wits end! We were instructed to wrap Jasper's tail with CollaClot™ prior to bandaging.*

*On removal of the dressing 3-4 days later the wound had noticeably started healing! Just a few weeks on, the skin around the wound is noticeably smoother and the hair has grown back; he hasn't had hair on the end of his tail for the past two years! CollaClot™ is an absolute miracle product!"* **Emily Miles**
