### Product Description:

Every piece of AS-IS BRAND Wood Walls is handcrafted to either retain a real reclaimed wood, capture the look and feel of real barn wood, or soften a space with gentle tones. All wood has been carefully chosen from sustainably harvested and reclaimed sources.

All wood is then carefully milled to exact measurements to ensure a precise board for fast and easy installation. AS-IS is proud to use materials, manufacturing, and packaging that have positive social & environmental impacts. Everything is done in North America, but our positive impact is global. ### Limitations:

AS-IS BRAND products do not add to the structural load bearing capacity of the substrate to which it is being applied. All products have been designed for wall and ceiling installation only, and should not be applied anywhere that they will be walked or sat on.
