LIGHTWEIGHT CONCRETE

SPEC DATA SHEET

SECTION A - General Product Information

Product Name: RealCast Lightweight Concrete

Suppliers: **CANADA & US**
InStone Products
www.instoneproducts.ca

Product Description:

Every piece of RealCast been precisely cast off of real concrete giving every piece the exact look, feel, and rich texture of cast-in-place concrete. Our lightweight fiber-reinforced concrete combined with our panelized system makes it quick and easy to install.

Limitations:

RealCast products do not add to the structural load bearing capacity of the substrate to which it is being applied. All products have been designed for wall installation only, and should not be applied anywhere that they will be walked or sat on. RealCast has not been tested for under-water, or heavy water areas.

All products come with a full 5-Year Warranty.
