

Machine Operator

The Role:

We are seeking a full-time Machine Operator to join our growing team at our facility in Billerica, MA. This role will entail efficiently operating a production machine to produce our delicious single servings of ice cream and frozen confections. We are looking for a highly motivated Machine Operator to set up, maintain, and operate machinery to ensure our product is ready for consumption. The ideal candidate would be a self-motivated, detail oriented, and an adaptive individual.

About ColdSnap

ColdSnap® is a rapid freezing appliance that produces single servings of frozen confections and frozen beverages in less than 2 minutes from shelf-stable, ambient temperature, ColdSnap pods. Our mission is to transform the way that ice cream and other frozen confections are produced, transported, purchased, and consumed. Here at ColdSnap, we provide competitive pay and benefits, and offer an exciting and collaborative work environment.
