# Muskoka Ladder User Manual

**IMPORTANT SAFETY INSTRUCTIONS  
READ AND FOLLOW ALL INSTRUCTIONS**

## Instructions:

1. Loosely fastened ladder railings into the dock with the small threaded bolts provided x (2). Fully tighten on last step.

**\*Note:** Use the outside hole of the ladder for fastening. The inside hole is not used.

2. Clip ladder support bar into the rubber place holders and fasten the ladder railing to it with the 3/8 bolts provided (x2).

3. Attached steps to the bottom of the ladder railing with the 5/16 bolts and nuts provided (x2). Cover the nuts with the black rubber caps.

4. Finish tightening the hardware and double-check the ladder is secure and resting on the dock nicely.

**5. Enjoy your new Air Lily Muskoka!**
