TURBO RACING®

FUELLING HIGH PERFORMANCE

PERFORMANCE NUTRIENT PROFILE

High performance horses require targeted nutrition to support training, performance and recovery. TURBO RACING® is fully fortified with elevated levels of heat stable vitamins and chelated mineral proteinates, specifically formulated to meet the nutritional needs of horses in racing and performance sports.

SUPERIOR ENERGY

TURBO RACING® provides energy from three superior grains - steam flaked oats, micronized barley and extruded corn. This fast release energy provides power to support high performance work for horses in racing or heavy workloads.
