

Moustache

New products

Since its launch in April 2009, Moustache, a French publishing house in the field of contemporary articles and home furnishings, under the impetus of Stéphane Arriubergé and Massimiliano Iorio, is forging close links in a network of complicity and expert knowledge in design fields.

An active participant in the present-day writing of the history of manufactured articles, Moustache proposes a collection which explores new approaches to production and consumption. Its articles and pieces of furniture involve their users in their own contemporary history. To the market constraints linked to the ever-increasingly insistent demand for novelties and experiences on the market, Moustache prefers to build a long-term domestic world with a high cultural value.

Rooted in the history of arts and techniques, the Moustache philosophy combines design and pattern in the present: attentive and responsible production responds to his searches for new, aesthetic, function and relevant shapes. Committed, Moustache is surrounded with designers for whom it is essential that convictions and points of view be shared. François Azambourg, Big-Game, Sébastien Cordoléani, Jean-Baptiste Fastrez, Benjamin Graindorge, Constance Guisset, Bertjan Pot, Dylan Martorell, Ionna Vautrin, Dimitri Baehler, Marc Venot, Jakob Robertsson and Inga Sempé make up the uniqueness of this joyful community. The result of a well thought-out dialogue between technique, strong

identity and contemporary use, each article with its disparities forms the contours of the same family. Moustache is attached to the heritage value of the articles, evidence of a society, its developments and its uses. It offers to share its soul, its ideas and its values. The environment it reveals according to an enlightened editorial line, a catalogue of objects linking some with others according to the principles of simplicity and accessibility. A distinctive and remarkable symbol, Moustache publishes a collection with a character which, today, is imposing its presence in the design environment.

Objects produced by Moustache have been integrated in museum collections such as the MoMA, Museum of Modern Art in New-York, the CNAP, centre national des arts plastiques, Paris the MAD, Musée des Arts Décoratifs, Paris, the Pompidou Center, Paris, the Vitra Design Museum, Weil am Rhein, Deutschland, Museum für Gestaltung, Zurich, the Musée des Arts Décoratifs, Bordeaux...

Bagou, shelving system

The BAGOU shelving system offers an infinite number of configurations to create all types of shelves, bookcases, storage units, consoles, bedside tables, side tables, standing tables... Its cast steel base angle, designed to accommodate both horizontal shelves and vertical dividers, allows you to imagine open or closed storage units, high or low, as high and/or as long as you wish. Simplified to the extreme, the BAGOU system consists of only 3 elements to compose, making planning and installation child's play.
