At a Glance

- Press to turn on and off
- Double press to switch color temperature to 6500K and maximize brightness
- Press and hold for 5 seconds to reset

Installing Your Pathway Lights

1. Attach the 4 LED Pathway Lights to the control cable. Tighten the waterproof cable protector.

Note: Only when all four lights are attached on the control cable can this device function properly.

2. Attach a ground stake to the stand of each LED Pathway Light.

Ground Stake

Note: If you plan to install this product on very hard ground, please separately purchase expansion bolts or metal stakes.

3. Install each pathway light on the ground.

Pairing Your Device with Govee Home App

What You Need:

- A Wi-Fi router supporting the 2.4GHz and 802.11 b/g/n bands (5GHz is not supported).
- A smartphone or tablet running iOS or Android.

Pairing Instructions

- 1 Download Govee Home App from App Store (IOS) or Google Play (Android).
- 2 Enable your smartphone's Bluetooth.
- 3 Open the app, tap the "+" icon in the top right corner and search for "H7055."
- 4 Tap the device icon and follow the on-screen instructions to complete pairing.

Troubleshooting

- 1 Cannot connect to Govee Home App.
 - Make sure the device is powered on.
 - Make sure your smartphone's Bluetooth has been enabled.
 - Make sure your smartphone is connected to a 2.4GHz WiFi network.
 - Position your smartphone close to the control box, then try connecting again.
- 2 One or more LED Pathway Lights fail to light up.
 - Remove the light and then reattach it to the power cable. Also unplug the power adapter and then plug back into power.
 - If the problem persists, please contact Govee Customer Service.

FCC and ISED Canada Statement

This device complies with Part 15 of the FCC Rules and Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation.
Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :
(1) l'appareil n' doit pas produire de brouillage, et
(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/TV technician for help.

This Class B digital apparatus complies with Canadian ICES-005.
Cet appareil numérique de la classe B est conforme à la norme NMB-005 du Canada.

FCC and IC Radiation Exposure Statement

This equipment complies with FCC and IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Lors de l'utilisation du produit, maintenez une distance de 20 cm du corps afin de vous conformer aux exigences en matière d'exposition RF.

This device uses a non-replaceable light source. When the light source reaches the end of its life cycle, this device should be replaced.
Not intended for illumination. Only used for creating ambiance.

1. Do not connect the rope light to the supply while it is in the packing or wound onto a reel;
2. Do not use the rope light when covered or recessed into a surface;
3. Do not open or cut the rope light;
