- Non-slip, breathable, antibacterial cover

Flexible & Soft, but durable thong

Non-slip, shock absorbent outsoles

created by a Woman for Women

I am very excited and proud to present you Modzori shoe! In our busy, active lives, we all need shoes that are cool, stylish, comfortable, and fit for any occasion.

How many times have you gotten shoes that were "to die for" and you actually felt like you were dying until you take them off? Have you ever thought of the fact that most shoes are created by men that have no way to know what it's like to be in women's shoes?

So therefore, I dedicated myself to create the perfect "anytime anywhere" shoe, one that is unique, versatile, comfortable, stylish, elegant and beautiful, all at once!

A shoe that I would wear and enjoy myself all day and night.

It took a ton of effort and sleepless nights to create and nourish it, but it all paid off. You can effortlessly change their design, print or color to match or mismatch your outfit. You can wear them all day long, no matter what your day is like, running errands, working, traveling, dancing the night away or doing it all.

I truly believe you will love them as much as I do.

With love, Yelena

the shoe with a twist

The Modzori collection of convertible shoes demonstrates a new look in traditional footwear with an advanced design concept. Our brand incorporates transformable footwear technology without lacking the beauty, elegance and comfort of a quality designer shoe.

Modzori line is conceptually unique, it is the first shoe that incorporates two colors and styles in one! It can be worn casually or dressy, perfect for any woman's individual style. An elegant, stylish, feminine and comfortable alternative to sneakers, flip-flops or orthopedic footwear.

The upper piece construction is designed to hug your foot for a perfect, glove-like fit. The material is stretchable and flexible, self-adjusting to any foot shape and width.

The footbed is anatomically contoured and cushioned for all-day comfort and support.

The platform is made with the latest technology that not only provides you non-stop comfort but also benefits the health of your feet.

Modzori shoes are for women who want to look great and fashionable, look young and feel young with non-stop comfort anytime, anywhere.
