

## Product Datasheet

Anti-Cav1.3 Ca<sup>2+</sup> Channel Antibody FL550 Conjugate

## Overview

<b>Catalog #</b>	75-080-FL550
<b>Conjugate</b>	FL550 Ex: 550 nm, Em: 575 nm
<b>Isotype</b>	IgG1
<b>Clone Number</b>	N38/8
<b>Size</b>	200 µL
<b>Concentration</b>	0.5 mg/mL
<b>Host Species</b>	Mouse Monoclonal
<b>Format</b>	Purified by Protein A chromatography
<b>Buffer</b>	PBS with 0.09% azide
<b>Applications</b>	ICC, IHC
<b>Species Reactivity</b>	Human, Mouse, and Rat
<b>Immunogen</b>	Fusion protein amino acids 2025-2161 (C-terminus) of rat Cav1.3 (accession number P27732) produced recombinantly in E. Coli
<b>Molecular Weight</b>	>220 kDa
<b>Cite this Antibody</b>	Antibodies Inc Cat# 75-080-FL550, RRID: AB_2939305

## Details

<b>Target Description</b>	Voltage-dependent L-type calcium channel subunit alpha-1D, or Cav1.3 calcium channel is a calcium channel encoded by the gene CACNA1D. It is a member of the L type voltage dependent calcium channel family. These calcium channels mediate the influx of calcium ions into a cell upon membrane polarization. Cav1.3 is expressed primarily in the membrane of the heart, brain (cerebral cortex, hippocampus, basal ganglia and thalamus), and pancreatic islets. Calcium channels are involved in many cell processes including muscle contraction, neurotransmitter release, gene expression, cell division and cell death. Diseases associated with Cav1.3 include Primary Aldosteronism, Seizures, Sinoatrial Node Dysfunction and Deafness.
<b>Specificity</b>	Does not cross-react with Cav1.2
<b>Purification Method</b>	Produced by in vitro bioreactor culture of hybridoma line followed by Protein A affinity chromatography and conjugation of purified mAb. Purified mAbs are >90% specific antibody.
<b>Quality Control Tests</b>	Each new lot of antibody is quality control tested by western blot on rat whole brain lysate and confirmed to stain the expected molecular weight band.

**Storage**

Aliquot and store at  $\leq -20^{\circ}\text{C}$  for long term storage. For short term storage, store at  $2-8^{\circ}\text{C}$ . For maximum recovery of product, centrifuge the vial prior to removing the cap.

**Our Guarantee**

---

As an original manufacturer, we are dedicated to creating quality and reproducible antibodies that further your research. We provide personalized customer support from the scientists that made the antibody and offer a free replacement or 100% refund if we cannot resolve an issue. Order today and experience our 50+ year passion for science.

**Note:** For research use only. Not intended for therapeutic or diagnostic use. Use of all products is subject to our terms and conditions, viewable on our website.
