

## Product Datasheet

Anti-Cav3.2 Ca<sup>2+</sup> Channel Antibody FL650 Conjugate

NeuroMab

KO Validated

## Overview

<b>Catalog #</b>	75-095-FL650
<b>Conjugate</b>	FL650 Ex: 655 nm, Em: 676 nm
<b>Isotype</b>	IgG1
<b>Clone Number</b>	N55/10
<b>Size</b>	200 µL
<b>Concentration</b>	0.5 mg/mL
<b>Host Species</b>	Mouse Monoclonal
<b>Format</b>	Purified by Protein A chromatography
<b>Buffer</b>	PBS with 0.09% azide
<b>Applications</b>	ICC, IHC
<b>Species Reactivity</b>	Human and Mouse
<b>Immunogen</b>	Fusion protein amino acids 1019-1293 (cytoplasmic loop between repeat II and repeat III) of human Cav3.2 (accession number O95180), epitope mapped to amino acids 1179-1192 (AEDGRAAPGPRATP) produced recombinantly in E. Coli
<b>Molecular Weight</b>	260 kDa
<b>Cite this Antibody</b>	Antibodies Inc Cat# 75-095-FL650, RRID: AB_2939355

## Details

<b>Target Description</b>	Voltage-dependent T-type calcium channel subunit alpha-1H or Cav3.2 Ca <sup>2+</sup> channel is encoded by the gene CACNA1H. Cav3.2 is a pore forming alpha subunit of T voltage-sensitive calcium channels and gives rise to T-type calcium currents. (transient opening calcium channels). These channels facilitate entry of calcium ions into excitable cells are involved in a variety of calcium dependent processes, including neurotransmitter release, muscle contraction, and gene expression. Cav3.2 is expressed in kidney, liver, and heart and brain.as a membrane bound protein. Diseases associated with this gene include Hyperaldosteronism and Epilepsy.
<b>Specificity</b>	Does not cross-react with Cav3.1
<b>Purification Method</b>	Produced by in vitro bioreactor culture of hybridoma line followed by Protein A affinity chromatography and conjugation of purified mAb. Purified mAbs are >90% specific antibody.
<b>Quality Control Tests</b>	Each new lot of antibody is quality control tested on cells overexpressing target protein and confirmed to give the expected staining pattern.

**Storage**

Aliquot and store at  $\leq -20^{\circ}\text{C}$  for long term storage. For short term storage, store at  $2-8^{\circ}\text{C}$ . For maximum recovery of product, centrifuge the vial prior to removing the cap.

**Our Guarantee**

---

As an original manufacturer, we are dedicated to creating quality and reproducible antibodies that further your research. We provide personalized customer support from the scientists that made the antibody and offer a free replacement or 100% refund if we cannot resolve an issue. Order today and experience our 50+ year passion for science.

**Note:** For research use only. Not intended for therapeutic or diagnostic use. Use of all products is subject to our terms and conditions, viewable on our website.
