

Product Datasheet

Anti-GIT2 Antibody FL594 Conjugate

Overview

Catalog #	75-126-FL594
Conjugate	FL594 Ex: 594 nm, Em: 615 nm
Isotype	IgG1
Clone Number	N83/48
Size	200 µL
Concentration	0.5 mg/mL
Host Species	Mouse Monoclonal
Format	Purified by Protein A chromatography
Buffer	PBS with 0.09% azide
Applications	ICC, IHC
Species Reactivity	Human, Mouse, and Rat
Immunogen	Fusion protein amino acids 450-759 (C-terminus) of human GIT2 (accession number Q14161) produced recombinantly in E. Coli
Molecular Weight	85 kDa
Cite this Antibody	Antibodies Inc Cat# 75-126-FL594, RRID: AB_2939470

Details

Target Description	G-protein coupled receptor kinase interacting ArfGAP 2 is encoded by the gene GIT2. GIT2 is a member of the GIT protein family. GIT2 has been shown to repress lamellipodial extension and focal adhesion turnover, and is thought to regulate cell motility. GIT2 is expressed in 207 organs with the highest expression level in the right hemisphere of cerebellum. Diseases associated with GIT2 include Gastric Antral Vascular Ectasia and Systemic Scleroderma.
Specificity	No cross-reactivity against GIT1
Purification Method	Produced by in vitro bioreactor culture of hybridoma line followed by Protein A affinity chromatography and conjugation of purified mAb. Purified mAbs are >90% specific antibody.
Quality Control Tests	Each new lot of antibody is quality control tested on cells overexpressing target protein and confirmed to give the expected staining pattern.
Storage	Aliquot and store at ≤ -20°C for long term storage. For short term storage, store at 2-8°C. For maximum recovery of product, centrifuge the vial prior to removing the cap.

Our Guarantee

As an original manufacturer, we are dedicated to creating quality and reproducible antibodies that further your research. We provide personalized customer support from the scientists that made the antibody and offer a free replacement or 100% refund if we cannot resolve an issue. Order today and experience our 50+ year passion for science.

Note: For research use only. Not intended for therapeutic or diagnostic use. Use of all products is subject to our terms and conditions, viewable on our website.
