

Product Datasheet

Anti-Neuroigin-4* Antibody FL594 Conjugate

Overview

Catalog #	75-138-FL594
Conjugate	FL594 Ex: 594 nm, Em: 615 nm
Isotype	IgG1
Clone Number	N98/7
Size	200 µL
Concentration	0.5 mg/mL
Host Species	Mouse Monoclonal
Format	Purified by Protein A chromatography
Buffer	PBS with 0.09% azide
Applications	ICC
Species Reactivity	Mouse
Immunogen	Fusion protein amino acids 782-945 (intracellular C-terminus) of mouse Neuroigin-4* (accession number ABS19580) produced recombinantly in E. Coli
Molecular Weight	125-130 kDa
Cite this Antibody	Antibodies Inc Cat# 75-138-FL594, RRID: AB_2939514

Details

Target Description	Neuroigin4 is encoded by the gene NLGN4. Neuroigin4 is a transmembrane scaffolding protein and cell adhesion molecule. It is involved in cell-cell interactions in neurons and in other cell types. It is expressed in many tissues, including retina and brain, where it is located at the postsynaptic membrane and is involved in regulation of synapses, synapse formation and synaptic transmission. Diseases associated with this gene include forms of Autism and Asperger Syndrome.
Specificity	Does not cross-react with other Neuroiginins
Purification Method	Produced by in vitro bioreactor culture of hybridoma line followed by Protein A affinity chromatography and conjugation of purified mAb. Purified mAbs are >90% specific antibody.
Quality Control Tests	Each new lot of antibody is quality control tested by western blot on rat whole brain lysate and confirmed to stain the expected molecular weight band.
Storage	Aliquot and store at ≤ -20°C for long term storage. For short term storage, store at 2-8°C. For maximum recovery of product, centrifuge the vial prior to removing the cap.

Our Guarantee

As an original manufacturer, we are dedicated to creating quality and reproducible antibodies that further your research. We provide personalized customer support from the scientists that made the antibody and offer a free replacement or 100% refund if we cannot resolve an issue. Order today and experience our 50+ year passion for science.

Note: For research use only. Not intended for therapeutic or diagnostic use. Use of all products is subject to our terms and conditions, viewable on our website.
