# **Product Datasheet**

# Anti-Cav3.1 Ca2+ Channel Antibody FL650 Conjugate

#### Overview

| Catalog #          | 75-206-FL650  |
|--------------------|---|
| Conjugate          | FL650 Ex: 655 nm, Em: 676 nm  |
| Isotype            | lgG1  |
| Clone Number       | N178A/9   |
| Size               | 200 μL  |
| Concentration      | 0.5 mg/mL   |
| Host Species       | Mouse Monoclonal  |
| Format             | Purified by Protein A chromatography  |
| Buffer             | PBS with 0.09% azide  |
| Applications       | ICC, IHC  |
| Species Reactivity | Human, Mouse, and Rat   |
| Immunogen          | Fusion protein amino acids 2052-2172 (cytoplasmic C-terminus) of mouse Cav3.1 (accession number Q9WUT2) produced recombinantly in E. Coli   |
| Molecular Weight   | >200 kDa  |
| Cite this Antibody | Antibodies Inc Cat# 75-206-FL650, RRID: AB_2939767  |
|                    |   |
| Details            |   |
|                    |   |
| Target Description | Voltage-dependent T-type calcium channel subunit alpha or Cav3.1 Ca2+ channel is encoded by the gene CACNA1G. Cav3.1 is a pore forming alpha subunit of T voltage-sensitive calcium channels and gives rise to T-type calcium currents. (transient opening calcium channels). These channels facilitate entry of calcium ions into excitable cells are involved in a variety of calcium dependent processes, including neurotransmitter release, muscle contraction, and gene expression. Cav3.1 is expressed in various tissues including heart and smooth muscle, kidney, bone, and brain as a membrane bound protein. Diseases associated with this gene include forms of Spinocerebellar Ataxia |

## Storage

Aliquot and store at  $\leq$  -20°C for long term storage. For short term storage, store at 2-8°C. For maximum recovery of product, centrifuge the vial prior to removing the cap.

## **Our Guarantee**

As an original manufacturer, we are dedicated to creating quality and reproducible antibodies that further your research. We provide personalized customer support from the scientists that made the antibody and offer a free replacement or 100% refund if we cannot resolve an issue. Order today and experience our 50+ year passion for science.

Note: For research use only. Not intended for therapeutic or diagnostic use. Use of all products is subject to our terms and conditions, viewable on our website.
