Product Datasheet

Anti-Arl13b Antibody FL650 Conjugate

KO Validated

Overview

o	
Catalog #	75-287-FL650
Conjugate	FL650 Ex: 655 nm, Em: 676 nm
lsotype	lgG2a
Clone Number	N295B/66
Size	200 μL
Concentration	0.5 mg/mL
Host Species	Mouse Monoclonal
Format	Purified by Protein A chromatography
Buffer	PBS with 0.09% azide
Applications	ICC, IHC
Species Reactivity	Human, Mouse, Non-Human Primate, Rat, and Zebrafish
Immunogen	Fusion protein amino acids 208-427 (C-terminus) of mouse Arl13b (accession number Q640N2) produced recombinantly in E. Coli
Molecular Weight	50 kDa
Cite this Antibody	Antibodies Inc Cat# 75-287-FL650, RRID: AB_2940027
Details	
Details Target Description	ADP-ribosylation factor-like protein 13B (ARL13B), also known as ADP-ribosylation factor-like protein 2-like 1. Arl13B is a small GTPase with both N-terminal and C-terminal guanine nucleotide- binding motifs. Arl13B is localized to the membrane of cilia and expressed in Neuroepithelial cells and developing radial glia of the developing cerebral cortex. Mutations in this gene are the cause of Joubert syndrome 8.
	protein 2-like 1. Arl13B is a small GTPase with both N-terminal and C-terminal guanine nucleotide- binding motifs. Arl13B is localized to the membrane of cilia and expressed in Neuroepithelial cells and developing radial glia of the developing cerebral cortex. Mutations in this gene are the cause of Joubert syndrome 8.
Target Description Specificity	 protein 2-like 1. Arl13B is a small GTPase with both N-terminal and C-terminal guanine nucleotide- binding motifs. Arl13B is localized to the membrane of cilia and expressed in Neuroepithelial cells and developing radial glia of the developing cerebral cortex. Mutations in this gene are the cause of Joubert syndrome 8. Does not cross-react with Arl13a (based on KO validation results) Produced by in vitro bioreactor culture of hybridoma line followed by Protein A affinity

Our Guarantee

As an original manufacturer, we are dedicated to creating quality and reproducible antibodies that further your research. We provide personalized customer support from the scientists that made the antibody and offer a free replacement or 100% refund if we cannot resolve an issue. Order today and experience our 50+ year passion for science.

Note: For research use only. Not intended for therapeutic or diagnostic use. Use of all products is subject to our terms and conditions, viewable on our website.
