Product Datasheet

Anti-ANO5/TMEM16E Antibody FL650 Conjugate

Overview

Catalog #	75-410-FL650
Conjugate	FL650 Ex: 655 nm, Em: 676 nm
lsotype	lgG1
Clone Number	N421A/85
Size	200 μL
Concentration	0.5 mg/mL
Host Species	Mouse Monoclonal
Format	Purified by Protein A chromatography
Buffer	PBS with 0.09% azide
Applications	ICC
Species Reactivity	Human and Mouse
Immunogen	Fusion protein amino acids 1-299 (cytoplasmic N-terminus) of human ANO5 (accession number Q75V66) produced recombinantly in E. Coli
Molecular Weight	110 kDa
Cite this Antibody	Antibodies Inc Cat# 75-410-FL650, RRID: AB_2940359
Details	
Details Target Description	Anoctamin-5, Transmembrane Protein 16E or -ANO5/TMEM16E is encoded by the gene ANO5. ANO5 belongs to the anoctamin family of membrane proteins many of which are calcium-activated chloride channels. ANO5 does not exhibit this channel activity. ANO5 is expressed in brain, heart, kidney, lung, skeletal muscle as well as other tissues. Diseases associated with ANO5 include Gnathodiaphyseal Dysplasia and Miyoshi Muscular Dystrophy 3.
	ANO5 belongs to the anoctamin family of membrane proteins many of which are calcium-activated chloride channels. ANO5 does not exhibit this channel activity. ANO5 is expressed in brain, heart, kidney, lung, skeletal muscle as well as other tissues. Diseases associated with ANO5 include
Target Description	ANO5 belongs to the anoctamin family of membrane proteins many of which are calcium-activated chloride channels. ANO5 does not exhibit this channel activity. Target Description Specificity	 ANO5 belongs to the anoctamin family of membrane proteins many of which are calcium-activated chloride channels. ANO5 does not exhibit this channel activity. ANO5 is expressed in brain, heart, kidney, lung, skeletal muscle as well as other tissues. Diseases associated with ANO5 include Gnathodiaphyseal Dysplasia and Miyoshi Muscular Dystrophy 3. Does not cross-react with ANO6/TMEM16F Produced by in vitro bioreactor culture of hybridoma line followed by Protein A affinity

Our Guarantee

As an original manufacturer, we are dedicated to creating quality and reproducible antibodies that further your research. We provide personalized customer support from the scientists that made the antibody and offer a free replacement or 100% refund if we cannot resolve an issue. Order today and experience our 50+ year passion for science.

Note: For research use only. Not intended for therapeutic or diagnostic use. Use of all products is subject to our terms and conditions, viewable on our website.
