

FC-780

Plug in - Go Play.

Having the right power products in your guest rooms is key for delivering a one of a kind stay. The FC-780 Series does just that. This powerful product comes complete with a switch that allows users to control bedside lights. With 2 Tamper Resistant Receptacles, 1 USB-A 2.4A port, 1 USB-C 3.1A non power-delivery port, and a power cord with an interchangeable exit (from either the bottom or the side) you can rest assured that your guests have the right outlets to charge up their devices.
