# FC-625 Control Panel

Color: Black
Wire color: Black
Optional: FC-616 Hanger

FC-625 Power Director
• Recessed Mount
• Cutout: 9.75" x 1.875"
▪ 10' 14--3 Power Cord with 90" Right Angle Plug

Once the **FC-625** is connected to the data lines and the USB port, the unit is a great source for connecting your computer to a PDA, Black Berry, smart phone and/or camera docking station. The electrical outlets, phone and data lines are protected from power surges and light-ning strikes. The FC-625 offers 1110 joules of surge protection, a ground indicator light, and a 10 foot 14-3 power cord with a 90 degree right angle plug for connecting to a wall outlet (this plug allows plenty of clearance so that the other wall outlet is not blocked). The unit is rated at 12 AMPS and is UL and cUL listed.
