

PERFORMANCE FABRIC

Performance fabrics' innovative solution works by surrounding each durable fiber in order to deter spills and resist stains. When accidents do happen, which we all know they will, clean up is simple and worry free when treated immediately. For lighter spills, blot using a damp towel. For tougher messes, mix mild soap and water and clean with a towel.

Fabric Cleaning and Maintenance Tips

- > Brush off loose dirt.
- > Spray on a cleaning solution of water and mild soap.
- > Use a soft bristle brush to clean.
- > Allow cleaning solution to soak into the fabric.
- > Rinse thoroughly until all soap residue is removed.
- > Blot excess moisture with a clean, soft towel or sponge.
