

# Redefining sheep weighing and drafting

Fully automated system that is smoother, quieter and easier to set up and operate than any other sheep drafting product on the market.

Made in NZ

NZ-based after sales support

12 months warranty on electronics and moving parts

Service packages

Includes a weigh crate, integrated load cells and EID antenna panels, control module with remote and three way draft module. Just add a Weigh Scale and it's ready to go.

- One-person drafting operation
- Sheep friendly - allows high stock throughput
- Indestructible - composite materials withstand repeated animal impact
- Portable - lightweight and easily transportable
- Operates on air, mains or battery power.

# Sheep Auto Drafter

G05714

## Remote control operation

Unit can be controlled by one operator.

## High visibility control panel

Includes emergency stop button, auto/manual status & fault lamp.

## Flexible

Adjustable sides to handle small lambs to the largest rams.

## Add-on modular options

Increase EID and drafting capability by adding:

- A plug-in reader controller
- Additional drafter unit to allow up to five way drafting

Buy the Gallagher Sheep Auto Drafter with confidence and peace of mind.

### Key benefits of annual servicing:

- **Trained experts** - You'll be looked after by Gallagher Support Staff and Service Engineers trained to the highest level as part of Gallagher's training standards. They have access to resources, diagnostic equipment, and genuine parts to ensure you extract long-term value out of your investment
- **Help whenever you need it** - If you need support for your Gallagher Sheep Auto Drafter, you can call us on 0800 731 500. Our Customer Service Team based in New Zealand are ready to answer any questions you may have.
- **Flexibility** - We offer two service packages to suit your needs: one year or three years.
- **Guaranteed top performance** - A regular service ensures you get the best performance from your Sheep Auto Drafter: speed, stock flow, stock selection, software update, operator and animal safety, accurate weighing, and more!
