

OVERVIEW

Simply Conserve's 14W hybrid T8 LED lamp is ideal for offices, conference rooms, hotels, academic complexes, commercial, and medical facilities. Designed to deliver 1,800 lumens, these lamps deliver the same light output as a 32W fluorescent with less than half the power. Hybrid technology reduces maintenance expenses and allows multiple installation methods whether a ballast is present or not. Install as a plug-and-play solution on compatible ballasts, or bypass the ballast to install in a double-end configuration.

5-Year Limited Warranty

If this hybrid lamp fails to operate for a 5-year period under normal consumer use (6 hours/day, 7 days/week), from the date of purchase or distribution by an energy conservation program and has been properly installed with a compatible ballast, AM Conservation Group will replace the lamp free of charge.
