

## Key Features

### Press

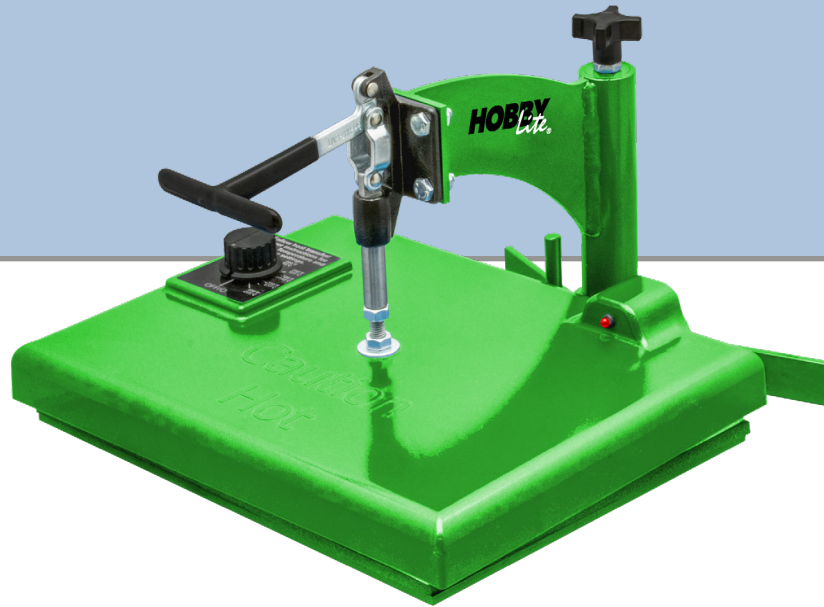

Weighing in at only 19 pounds, the HobbyLite heat press offers pro shops with mobile operations the ability to bring their products to the market and increase their capacity.

### Design

The HobbyLite is the perfect low-cost heat press for imaging items such as ceramic tile, mouse pads, plaques, coasters, shirts and more. The 9"x12" surface and economical price make it the number one press for small businesses, home, or school projects.

## Overview

The HIX HobbyLite heat press is designed for small shops, hobbyists, artists, schools, social organizations and anyone who is looking for a heat press at a value price. This press offers many of the same high quality features and performance grades as our professional equipment.
