INNOVATION AT THE CORE

Unveiling the latest medical solutions from our R&D team

In the ever-evolving field of medicine, where advancements are frequent, Medilogic thrives on innovation, considering it not just a practice but a cornerstone of our patient care philosophy. By leveraging cutting-edge practices, we've identified market gaps, leading us to provide superior solutions through our range of medical consumables, renowned brands, and market-leading devices.

Our commitment to innovation extends to our Research & Development Program, where collaboration with healthcare professionals informs the enhancement and development of our product line. This edition showcases the outcomes of this approach with new releases like the versatile **LOGIWIPE Dry Biodegradable Multipurpose Towels**, the non-woven **LOGICARE Bed Sheets**, and the reliable surgical **LOGISURE** range of **Biopsy Punches** and **Dermal Curettes**.

Lastly, as a testament to Medilogic's commitment to innovation in every aspect of healthcare, we're thrilled to introduce our next-gen ordering portal **Medilogic HUB**. Seamlessly integrated into our mindset of progress, this user-friendly platform streamlines the ordering process, offering a more efficient and intuitive experience for our account holders. Check it out at hub.medilogic.com.au

PRESENTER

Margo Asimus

In 2004, Margo Asimus was one of the first Wound Management-Nurse Practitioners to be authorised to practice in Australia. During her career Margo has mentored other Nurse Practitioners, has been a national president of Wounds Australia and has practiced in advanced wound clinics throughout the Hunter area. Her knowledge in wound management prepared her to become a co-editor of an advanced wound management text along with international guest speaker engagements.
